International Leader 6A2-6 Balazs W Kardos and His Team Are Transforming the Next 10 Years into the “Diamond Decade”

“I was given many chances to quit in life. Quite a few, in fact. Very often, I was actually encouraged to quit by those who did not have the stomach for success that I did. I didn’t listen to a word they said, but instead, I forged ahead.”

**Hironari Ohshiro
Enagic Founder and CEO**

Message from Mr. Ohshiro

Together, We Can Achieve 30,000 Units Per Month

The holidays have been known to challenge persistence. Some people get distracted by all the dinners and commitments with family and friends. To help stay focused, we have two sales contests that will help us thrive and propel us to even greater team success in 2024. Take advantage of these opportunities to rank up faster and reward your team's production.

Independent Distributors ranked 6A and above can win daily and monthly bonus payouts in the new Welcome to the Enagic Road/Way global sales contest that runs to March 31, 2024. At the same time, 1A to 5A Distributors can use the Daily 8-Point Global Contest to increase sales.

To be a leader, it's important to focus on team building, mentorship and inspiring your downline. These sales contests are great opportunities to demonstrate and refine your leadership abilities.

We also grow together using Enagic's patented 8-point compensation plan, which I implemented to pay out 8 points in commission for each Enagic product sold through a distributor. It is the best comp plan in direct sales and DIFFERENT than any other company because there are no monthly qualifications, no time limits, no annual renewal, and you never lose your title.

Together, we can achieve the global goal of getting to 30,000 units sold per month on or before Enagic's 50th Anniversary Celebration in Okinawa next June. [Register online at enagic-convention.com/202406/register] Focus on achieving your monthly and quarterly goals and maximize your earnings.

It's time to get back to basics. Let's make Independent Distributors into leaders and leaders into top global producers. To do this, it's important to drink Kangen Water® so we can stay hydrated and focused. I've always got a full glass or bottle. Make sure you do the same.

Hironari Ohshiro
Enagic Founder and CEO

Change Your Life Story

6A2-6

Balazs W Kardos

Balazs was born in Budapest, Hungary but grew up in Vancouver, Canada. His family still has a home in Vancouver, but at this point, he's more of a global citizen. As Balazs says, he's looking to "spend time in different parts of the world throughout the year while also traveling, speaking at events and making a bigger impact." After all, he says, "Kangen Water® changed my life."

His mother, 6A2-2 Zsuzsanna Kardos, introduced Kangen Water® to their family, investing in a SD501 water ionizer in 2008. “She dove down the rabbit hole around water and started researching,” Balazs recalls. “She came across Enagic in 2008 online, ironically through a competitor’s website that was bad mouthing Enagic and their high prices. She knew you only compare yourself to the best and saw right through the shady marketing tactics.”

“I’ve always been called forward in my heart and soul to make a massive impact and change the world,” Balazs explains. “I just had no idea HOW a normal guy like myself would ever be able to actually do that. I came from humble beginnings. My parents immigrated to Canada after fleeing from communist Hungary in 1988 with two suitcases, no money and without the ability to speak English in pursuit of happiness, opportunity and freedom.”

“Freedom is my highest value and it is ingrained deep in my DNA,” he says. “I am so passionate about living and loving my life on my own terms and truly experiencing anything I desire with my family. Then paying that forward by being an inspiring example of what’s possible while mentoring and coaching others how they can do it.” It took time for Balazs to find his calling, but his efforts have come to serve as a beacon for team members.

“I got fired from 12 jobs by the age of 24,” Balazs says. “I had a very hard time being an employee and being told what to do. I am a rebel, I like to think for myself, always looking at how I can learn to do things better, more efficiently, and optimize all areas of my life. That isn’t ideal for an employee because you are expected to obey, listen and do as you are told.”

Prior to becoming an Independent Distributor, Balazs accepted a position that he thought was a “call center desk job answering the phones.” Instead, this turned out to be a “door to door sales job selling telecom services (internet and TV).” He calls this four-year stretch, which took him from ages 24-28, his “street smarts business school” and a “breakthrough opportunity.”

“I believe that we all have experiences throughout our lives that happen FOR us and not TO us,” Balazs says. “This is essential to include and craft our personal brand stories which are the foundation of why people choose to partner with us.” For instance, he “learned a lot about communication and people” while bartending and serving at restaurants. The door to door sales job “further developed my communication skills into leadership and persuasion,” enabling him to move into a management role that included recruiting and training new reps. Gradual success also fueled confidence. “Everything unfolds in divine synchronicity preparing us for our higher calling and purpose in life,” Balazs says. “For me it all led me back to Enagic.”

Balazs sold his first Kangen Water® ionizer to a close friend in 2008. “All he needed to witness was my transformation to know the water was very powerful and purchased one,” Balazs says. “I had one other friend do the same.” However, he didn’t have another sale for 5 years, a remarkable reality given his recent track record, but it’s easily explainable. Balazs was too busy focusing on door to sales and “worked 10-12 hours a day, 6 days a week.” However, he reevaluated his career path and fully committed to Independent Distribution in 2013.

“I was drinking Kangen Water® the entire time I did door to door sales,” Balazs says. “Once I learned how to make good money, I realized that money wasn’t the key to success. It was unlimited income potential + time and location freedom + impact and changing people’s lives in a very profound way. Enagic checked all the boxes.” Several factors convinced him to commit:

- “Bullet proof belief in the power of the technology”
- “Potential of Enagic’s patented 8-point compensation plan”
- “Life changing financial freedom and global impact”

Balazs took a methodical approach to growing his business. “I got started following what the top leaders were doing: in-person meetings and live demo presentations at my home,” he explains. “But my demographic was younger (early 20’s) and it wasn’t working very well leading with the water first. I changed the strategy to show the power of the opportunity because younger people were broke, in debt, and struggling to find a solution for their futures. It started working really well, and people loved the water benefits too as a ‘bonus.’”

“I went from saying ‘It’s a \$4000 medical grade water ionizer with FREE global distribution rights’ to ‘It’s a \$4,000 Global Business for Life with a FREE life changing water ionizer,’” Balazs says. “The younger people loved it. Same offer, better messaging to my audience.”

He’s also found sales success by packaging the Trifecta. “I realized that the K8, Anespa, and Ukon were the top 3 best products and everyone deserved to have all 3, so we simply recommended them all,” Balazs says. “It changed their lives even more, but our business also grew 3-5X quicker this way. Game changer.”

Balazs primarily communicates with his organization through social media, email and Facebook groups. “We educate through various online communities and training platforms that have step by step training, weekly calls, live events/masterminds,” he says. “I also launched a podcast (balazswkardos.com/podcast) to help educate, motivate and inspire my organization that has been a very powerful tool...This podcast is highly beneficial to anyone in Enagic who wants to learn from my philosophy, mindset and be entertained by my stories.”

Diverse past work experiences provided Balazs with the ability to identify attributes to look for in prospective team members. “I learned what qualities and character traits separated the winners and losers in life and focused on recruiting and partnering with those types of people when I got started with my Enagic business journey,” he says. “I believe one of the biggest keys to success in Enagic is becoming the person you need to become in order to attract high caliber, heart centered leaders who have the mindset and skill set to go fast and never stop.” Placing first last month in the Welcome to the Enagic Road/Way global sales contest is a testament to his approach.

Balazs sees an opportunity to turn the next 10 years into an era he calls the “Diamond Decade” while building more global momentum for Enagic. “My vision when I hit 6A2-3 in 2016 was to have 1000 6As in my organization,” he says. “Today I have 1259 6As. My new goal is to have 1000+ 6A2-3 and above in my organization. Today I have 53.”

“This is so much bigger than me now,” Balazs says. “I started the Global Prosperity Movement, but my leaders are creating leaders and we will continue spreading True Health and freedom around the globe for the rest of our lives...All roads lead to 6A2-8 and I am certain many people will achieve this within my team. I am forever grateful to Enagic, Kangen Water® and Mr. & Mrs. Ohshiro. Thank you for everything!”

India Distributor Profile

Gaurav Amrutbhai Gondalia

6A2-4

6A2-4 Gaurav Amrutbhai Gondalia's father, the late Shri Amrutbhai Gondalia, purchased a Kangen Water® ionizer from 6A2-5 Amit Patoliya in December 2018 and immediately impressed his family. Gaurav says, "We used the product and the results were amazing." Initially, he was happy to simply drink Kangen Water®.

"I was convinced about the machine, but as I was working on my start-up, I didn't think of doing Enagic business," Gaurav says. "It was my father who saw the future of this business and he convinced me to do this business. He pushed me to attend an event in Mumbai in 2019." Gaurav was motivated by what he witnessed and who he met while attending this Enagic event in Mumbai. "I met a few foreign leaders as well as Indian top leaders," he recalls. "I saw the bigger picture and the future of the business."

Gaurav has been involved in the direct selling industry for over a decade. He chooses companies to work with based on 4Ps, which he used to assess Independent Distribution:

- 1) Profile of the company
- 2) Product
- 3) Plan (compensation plan)
- 4) People ("the team I get to work with")

“In the event I saw that Enagic has been the best in all four aspects,” Gaurav says. “That’s when I chose to design my future with Enagic.”

Gaurav was born in Junagarh and raised in Surat, a city of approximately 8 million people in Gujarat where he’s lived for the last 35 years. He previously worked on his dream project, an advertising start-up, but after his father passed away in 2020, he changed course and became a full-time Independent Distributor. His mother, Lilaben Amrutbhai Gondaliya, took over her husband’s business, which Enagic transferred to her after her husband’s passing. Lilaben has now reached an impressive 6A2-3 rank.

Earning a Business Administration degree from Vidyanagar in Gujarat has been helpful to Gaurav in his Independent Distributor journey. Having so much direct selling experience has also been valuable. He applies lessons he’s learned when training and educating his downline:

1. “Creating leaders is the key. The right education system can lead you to have more leaders.”
2. “An education system which works on Skillset, Mindset and Toolset is essential to keep the team motivated and productive.”

Gaurav sold his first SD501 to a family friend, Mitesh Baldha, who’s now 6A3-4. “When he saw the product demonstration and business plan he instantly made the buying decision and started the business,” Gaurav says. However, he struggled to make a second sale, which took more than 50 demos to convert. “I felt like giving up, but my family made me strong and motivated me to work even harder,” Gaurav says. “I never looked back.”

Gaurav really saw momentum after building a strong team. He credits top leaders like 6A3-2 Dipak Jivani, 6A3-2 Sanjay Chovatiya, 6A2-2 Vinod Pagi, 6A2-2 Rakesh Bhimani and 6A2 Ashok Patel with making particularly impactful contributions. Gaurav's team currently has over 20,000 people spread across more than 10 countries and continues to grow.

Gaurav has made big plans. "It's time to make a difference in people's lives," he says. "My goal is to help people fulfill their dreams through Enagic business. I don't think much about my own rank. MY team is my responsibility. My goal is to produce 100 more 6As in the next 2 years."

To meet these goals, Gaurav employs several training programs that have shown results:

- RTP: "Residential Training Program is for the distributors. It's a 2-day program held at different locations. Where distributors come, stay and get trained on why to do the business and how to do the business."
- LDP: "Leadership Development Program. It's also a 2-day program, but for 5A and above only. We train leaders how to manage and grow the team."
- OTP: "It's a One-Day Training Program. It's for the distributors who can not spare 2 days for RTP. It's conducted locally."
- Take Off Programs like Prasthaan: "It's a virtual training program. For 2 hours every day for 7 days."
- Power Sessions: "Weekly one-hour session online. For technical knowledge about the product, sharing water experience, how to use and maintain the device and so on."

Gaurav's relentless efforts take time. So does meeting new people and catching up with core team members. "In the last 5 years, I haven't had a single day when I'm not working," he says. "Now I could get some time to spend with my family and take them out on a foreign trip, but trust me, every trip becomes a business trip. Wherever I go, business follows."

New Branch Manager Jeffery Estana Rejuvenates San Diego Office

Enagic's San Diego office recently welcomed Jeffery Estana as the new Branch Manager. He shared his thoughts on improvements they've already made at the branch office, which overlooks Enagic Golf Club at Eastlake, and looks forward to achieving future goals.

“With the space we have here, I upgraded and rearranged, and turned the office into a business,” Estana says. “It’s now more inviting and welcoming to all distributors, especially in the San Diego market, to use the facility and transact Enagic business.”

Estana says, “My goal, in line with Mr. Ohshiro and Mr. Tomo Takabayashi, as I have discussed with them, is to further improve, create more sales for the branch, and connect to more distributors.”

Global Sales Contest Helps Top Leaders Thrive

To help build excitement for the 50th Anniversary Celebration in Okinawa next June, 6A and above Independent Distributors can earn a daily and monthly bonus prize in the new Welcome to the Enagic Road/Way global sales contest, which began October 1 and runs to March 31, 2024.

Learn just some of the ways this sales contest is helping global leaders thrive.

6A Angela Adjetey (Skynikk Group Inc.), White-Cross Water Corp, Canada

“The sales contest has been crucial for my Enagic business. Each win leads to an increased advertising budget, which allows for greater promotional activities and increased visibility, driving more leads/sales. Moreover, the desire to secure future victories motivates me to push beyond limits, explore new strategies, and dedicate more effort toward achieving success. This competitive drive not only boosts my performance, but also encourages my team to want to do better. We hope for more Enagic sales contests in 2024 on all rank levels.”

6A2-6 Balazs W Kardos, Canada

“The Welcome to the Enagic Road/Way Global Contest has inspired my community to reach for bigger goals for the 50th Anniversary in Okinawa, make a bigger impact, and change more people’s lives. My leaders are very inspired and grateful for Mr. Ohshiro’s generous heart with those additional daily and monthly bonuses. We will continue to do our best every single day.”

6A4-5 Mike Dreher & Darren Ewert, Canada

“What’s great about this contest is that it levels the playing field for our 6As. Thanks to the handicap that has been built in, a 6A Distributor has a real opportunity to win some big money within this structure.”

Michael Slesinski Wins 2023 San Diego County Open in Playoff

Enagic San Diego County Open returned to Enagic Golf Club at Eastlake in Chula Vista for the fourth year. A talented field competed from October 24-26, and the scheduled 54 holes weren't enough to determine the champion. Michael Slesinski and Jack Rahon both finished 13-under-par, forcing a three-hole playoff. Which Slesinski won on the par-3 17th hole.
